

The purpose of the PTA is to build a community that supports our school's teachers, students, and staff. We are looking forward to an exciting year ahead and hope to get to know all of our new families and encourage everyone's involvement and participation. Supporting the PTA is a great way to meet other parents, get to know our wonderful students and staff, and share your special interests, talents, and ideas. There is no question that students with parents who are involved in their school have an enhanced school experience!
